

Acknowledgements

The production of this report has been supported by numerous staff at Kew, our partner organisations and many individuals. In particular, we would like to thank the following (affiliated to RBG Kew unless otherwise stated): David Baines, Dr Dan Bebber (University of Exeter), Emily Beech (BGCI), Oliver Bridle (Bodleian Libraries, University of Oxford), Julia Carretero, Helen Chadburn, Guy Clarke, Charlotte Couch, Alexandra Davey, Lauren Gardiner, Aurelie Grall, Pat Griggs, Craig Hilton-Taylor (IUCN), Dr Evanson Chege Kamau (University of Bremen), Isabel Larridon, Ben McCarthy (Plantlife International), Dr Gareth Richards (CAB International), Janet Scott (IUCN), Jacek Wajer (Natural History Museum), James Wearn, John Wiersema (USDA-ARS), and finally The Sylva Foundation (for hosting the web-based survey for the Steering Committee Delphi consultation). Support with the maps was provided by Justin Moat, Tim Wilkinson, David Benz (University of Oxford) and Numiko.

Special thanks to the State of the World's Plant's strategic output group:

Steven Bachman, Marie Briggs, Martin Cheek, Colin Clubbe, Aaron Davis, Felix Forest, Serene Hargreaves, Marta Lejkowski, Justin Moat, Eimear Nic Lughadha, Matthew Smith (Microsoft) and China Williams

We would like to thank all of those who reviewed the infographics and contributed to their creation especially:

Steve Bachman, Abigail Barker, Iain Darbyshire, Serene Hargreaves, Nicola Kuhn, Ilia Leith, Justin Moat, Nicola Nicolson, Eimear Nic Lughadha, Jo Parker, Noeleen Smith, James Wearn, Tim Wilkinson and China Williams

Design: Jeff Eden & Numiko
